Once the Party Lottery’s share of the Prize Reserve Accounts exceeds the designated amounts, the excess shall become part of the Grand Prize Pool. The Product Group, with approval of the Finance & Audit Committee, may establish a maximum balance for the Prize Reserve Accounts. The shares of a Party Lottery may be adjusted with refunds to the Party Lottery from the Prize Reserve Account as may be needed to maintain the approved maximum balance and shares of the Party Lotteries. Any amount remaining in a prize reserve account at the end of this game shall be carried forward to a replacement Prize Reserve Account or expended in a manner as directed by the Product Group in accordance with State Law.

**19.11 EXPECTED PRIZE PAYOUT PERCENTAGES**

- A. The Grand Prize shall be determined on a pari-mutuel basis. Except as provided for in these rules, all other prizes awarded shall be paid as set cash prizes with the following expected prize payout percentages:

<b><u>Number of Matches Per Play</u></b>	<b><u>Prize Payment</u></b>	<b><u>Prize Pool% Allocated to Prize</u></b>
5 + 1	Grand Prize	60.5771%
5 + 0	\$200,000	11.2246%

4 + 1	\$10,000	3.4221%
4 + 0	\$100	1.4031%
3 + 1	\$100	1.6768%
3 + 0	\$7	4.8125%
2 + 1	\$7	1.8781%
1 + 1	\$4	6.3049%
0 + 1	\$3	8.7008%

When the Grand Prize reaches a new high level, the Prize Pool Percentage allocated to the Grand Prize shall be reduced to that percentage needed to fund the maximum Grand Prize increase as determined by the Group, with the remainder funding the Match 5 Bonus Prize category.

- B. The prize money allocated to the Grand Prize category shall be divided equally by the number of game boards winning the Grand Prize.
- C. The prize pool percentage allocated to the Set Prizes (the cash prizes of two hundred thousand dollars (\$200,000.00) or less) shall be carried forward to subsequent draws if all or a portion of it is not needed to pay the Set Prizes awarded in the current draw. If the total of the Set Prizes awarded in a drawing exceeds the percentage of the prize pool allocated to the Set Prizes, then the amount needed to fund the Set Prizes awarded shall be drawn from the following sources, in the following order:
1. The amount allocated to the Set Prizes and carried forward from previous draws, if any; an amount from the Set Prize reserve account, if available, not to exceed twenty-five million dollars (\$25,000,000.00) per drawing. If, after these sources are depleted, there are not sufficient funds to pay the Set Prizes awarded, then the highest Set Prize shall become a pari-mutuel prize. If the amount of the highest Set Prize, when paid on a pari-mutuel basis, drops to or below the next highest Set Prize and there are still not sufficient funds to pay the remaining Set Prizes awarded, then the next highest Set Prizes shall become a pari-mutuel prize. This procedure shall continue down through all Set Prize levels, if necessary, until all Set Prize levels become pari-mutuel prize levels. In that instance, the money available from the funding sources listed in this rule shall be divided among the winning plays in proportion to their respective prize percentages.
  2. The prize money allocated to the Match 5 Bonus Prize shall be divided equally by the number of game boards winning the Match 5 prize when a game board wins the new high jackpot amount.

**19.12 PROBABILITY OF WINNING**

A. The following table sets for the probability of winning and the probable distribution of winners in and among each prize category, based upon the total number of possible combinations in PowerBall®

**19.13 PRIZE PAYMENT**

- A. Grand Prizes shall be paid at the election of the player made no later than sixty (60) days after the player becomes entitled to the prize, with either a per winner annuity or cash payment. If the payment election is not made at the time of purchase and is not made by the player within sixty (60) days after the player becomes entitled to the prize, then the prize shall be paid as an annuity prize.
- B. An election for an annuity payment made by a player before ticket purchase or by system default or design may be changed to a cash payment at the election of the player until the expiration of sixty (60) days after the player becomes entitled to the prize.
- C. The election to take the cash payment may be made at the time of the prize claim or within sixty (60) days after the player becomes entitled to the prize. An election made after the winner becomes entitled to the prize is final and cannot be revoked, withdrawn, or otherwise changed.
- D. Shares of the Grand Prize shall be determined by dividing the cash available in the Grand Prize Pool equally among all winners of the Grand Prize. Winner(s) who elect a cash payment shall be paid their share(s) in a single cash payment. The annuitized option prize shall be determined by multiplying a winner’s share of the Grand Prize Pool by the MUSL

annuity factor. The MUSL annuity factor is determined by the best total securities price obtained through a competitive bid of qualified, pre-approved brokers made after it is determined that the prize is to be paid as an annuity prize or after the expiration of sixty (60) days after the winner becomes entitled to the prize.

- E. Neither MUSL nor the Party Lotteries shall be responsible or liable for changes in the advertised or estimated annuity prize amount and the actual amount purchased after the prize payment method is actually known to MUSL. In certain instances announced by the Product Group, the Grand Prize shall be a guaranteed amount and shall be determined pursuant to the Funding of Guaranteed Prizes. If individual shares of the cash held to fund an annuity is less than two hundred fifty thousand dollars (\$250,000.00), the Product Group, in its sole discretion, may elect to pay the winners their share of the cash held in the Grand Prize Pool.
- F. All annuitized prizes shall be paid annually in thirty (30) graduated payments (increasing each year) by a rate determined by the Product Group. Prize payments may be rounded down to the nearest one thousand dollars (\$1,000.00). Annual payments after the initial payment shall be made by the Lottery on the anniversary date or if such date falls on a non-business day, then the first business day following the anniversary date of the selection of the jackpot winning numbers. Funds for the initial payment of an annuitized prize or the lump sum cash prize shall be made available by MUSL for payment by the Party Lottery no earlier than the fifteenth (15<sup>th</sup>) calendar day (or the next banking day if the fifteenth (15<sup>th</sup>) day is a holiday) following the drawing. If necessary, when the due date for the payment of a prize occurs before the receipt of funds in the prize pool trust sufficient to pay the prize, the transfer of funds for the payment of the full lump sum cash amount may be delayed pending receipt of funds from the Party Lotteries. A State may elect to make the initial payment from its own funds after validation, with notice to MUSL.
- G. In the event of the death of a Lottery winner during the annuity payment period, the Product Group, in its sole discretion, upon the petition of the Estate of the Lottery winner (the "Estate") to the Lottery of the state in which the deceased Lottery winner purchased the winning ticket, and subject to federal, state, or district applicable laws, may accelerate the payment of all of the remaining Lottery proceeds to the Estate. If the Product Group makes such a determination, then securities and/or cash held to fund the deceased Lottery winner's annuitized prize may be distributed to the Estate. The identification of the securities to fund the annuitized prize shall be at the sole discretion of the Product Group.

#### **19.14 LOW-TIER PRIZES**

- A. All low-tier cash prizes (all prizes except the Grand Prize) shall be paid in cash through the Party Lottery, which sold the winning ticket(s). A Party Lottery may begin paying low-tier cash prizes after receiving authorization to pay from the MUSL central office.

#### **19.15 PRIZES ROUNDED**

- A. Annuitized payments of the Grand Prize or a share of the Grand Prize may be rounded to facilitate the purchase of an appropriate funding mechanism. Breakage on an annuitized Grand Prize win shall be added to the first cash payment to the winner or winners. Prizes other than the Grand Prize under these rules may become single-payment, pari-mutuel prizes, or may be rounded down so that prizes can be paid in multiples of whole dollars. Breakage resulting from rounding these prizes shall be carried forward to the prize pool for the next drawing.

#### **19.16 ROLLOVER**

- A. If the Grand Prize is not won in a drawing, the prize money allocated for the Grand Prize shall roll over and be added to the Grand Prize Pool for the following drawing. If a new high Grand Prize is not won in a drawing, the prize money allocated for the Match 5 Bonus Prizes shall roll over and be added to the Match 5 Bonus Prize Pool for the following drawing.

#### **19.17 FUNDING OF GUARANTEED PRIZES**

- A. The Product Group may offer guaranteed minimum Grand Prize amounts or minimum increases in the Grand Prize amount between drawings or make other changes in the allocation of prize money where the Product Group finds that it would be in the best interest of the game.
- B. If a minimum Grand Prize amount or a minimum increase in the Grand Prize amount between drawings is offered by the Product Group, then the Grand Prize shares shall be determined as follows. If there are multiple Grand Prize winners during a single drawing, each selecting the annuitized option prize, then a winner's share of the guaranteed annuitized Grand Prize shall be determined by dividing the guaranteed annuitized Grand Prize by the number of winners.
- C. If there are multiple Grand Prize winners during a single drawing and at least one of the Grand Prize winners has elected the annuitized option prize, then the best bid submitted by MUSL's pre-approved qualified brokers shall determine the cash pool needed to fund the guaranteed annuitized Grand Prize.

- D. If no winner of the Grand Prize during a single drawing has elected the annuitized option prize, then the amount of cash in the Grand Prize Pool shall be an amount equal to the guaranteed annuitized amount divided by the average annuity factor of the most recent three (3) best quotes provided by MUSL's pre-approved qualified brokers submitting quotes. In no case, shall quotes be used which are more than two (2) weeks old; and if less than three (3) quotes are submitted, then MUSL shall use the average of all quotes submitted. Changes in the allocation of prize money shall be designed to retain approximately the same prize allocation percentages, over a year's time, set out in these rules. Minimum guaranteed prizes or increases may be waived if the alternate funding mechanism set out in these rules becomes necessary.

**19.18 LIMITED TO HIGHEST PRIZE WON**

- A. The holder of a winning ticket may win only one (1) prize per board in connection with the winning numbers drawn, and shall be entitled only to the prize won by those numbers in the highest matching prize category.

**19.19 CLAIM PERIOD**

- A. Prize claims shall be submitted within the period set by the Party Lottery selling the ticket. If no such claim period is established, all Grand Prize claims shall be made within one hundred eighty (180) days after the drawing date.
- B. All funds to pay a Grand Prize and a Match 5 Bonus Prize that go unclaimed shall be returned to Party Lotteries in proportion to sales by Party Lotteries for the Grand Prize or Match 5 Bonus Prize in question after the claiming period set by the Party Lottery selling the winning ticket expires.

**19.20 GRAND PRIZE MAXIMUM INCREASE/MATCH 5 BONUS PRIZES**

- A. When the Grand Prize is projected to reach a new high annuitized amount, the maximum amount to be allocated to the Grand Prize Pool from the Grand Prize percentage shall be the previous high amount plus twenty-five million dollars (\$25,000,000.00) (annuitized) or as set by the Group. Any amount of the Grand Prize percentage, which exceeds the twenty-five million dollar (\$25,000,000.00) (annuitized) increase, shall be added to the Match 5 Bonus Prize Pool. The Match 5 Bonus Prize Pool is hereby created and shall accumulate until the Grand Prize is actually won, at which time the Match 5 Bonus Prize Pool shall be divided equally by the number of game boards winning the Match 5 prize. If there are no Match 5 winners on the draw when the new high Grand Prize is won, the Match 5 Bonus Prize Pool shall be divided equally by the number of game boards winning the Match 4+1 prize.

**19.21 TICKET VALIDATION**

- A. To be a valid ticket and eligible to receive a prize, a ticket shall satisfy all the requirements established by a Party Lottery for validation of winning tickets sold through its on-line system and any other validation requirements adopted by the Product Group, the MUSL Board and published as the Confidential MUSL Minimum Game Security Standards. The MUSL and the Party Lotteries shall not be responsible for tickets, which are altered in any manner.

**19.22 TICKET RESPONSIBILITY**

- A. Until such time as a signature or, if permitted by state or district law, a mark or printed name is placed on a ticket in the area designated for signature, mark, or name, a ticket shall be owned by the bearer of the ticket. When a signature, mark, or name is placed on the ticket in the place designated, the person whose signature, mark, or name appears in such area shall be the owner of the ticket and shall be entitled (subject to the validation requirements listed in Rule No. 19.21, "Ticket Validation", and state or district law) to any prize attributable thereto.
- B. The manner of payment of prizes for valid winning tickets bearing multiple signatures, marks, or names shall be determined by the rules of the Party Lottery making the prize payment.
- C. The Product Group, the MUSL, and the Party Lotteries shall not be responsible for lost or stolen tickets.

**19.23 INELIGIBLE PLAYERS**

- A. A ticket or share for a MUSL game issued by the MUSL or any of its Party Lotteries shall not be purchased by, and a prize won by any such ticket or share shall not be paid to:
1. a MUSL employee, officer, or director;
  2. a contractor or consultant under agreement with the MUSL to review the MUSL audit and security procedures;
  3. an employee of an independent accounting firm under contract with MUSL to observe drawings or site operations and actually assigned to the MUSL account, and all partners, shareholders, or owners in the local office of the firm;
  4. an immediate family member (parent, stepparent, child, stepchild, spouse, or sibling) of an individual described above and residing in the same household;

5. those persons designated by a Party Lottery's law as ineligible to play its games shall also be ineligible to play the MUSL game.

#### **19.24 APPLICABLE LAW**

- A. In purchasing a ticket, the purchaser agrees to comply with and abide by all applicable laws, rules, regulations, procedures, and decisions of the Party Lottery where the ticket was purchased.

#### **19.25 SPECIAL GAME RULES-POWERBALL® POWERPLAY® PROMOTION**

- A. The PowerBall® Power Play® promotion is a limited extension of the PowerBall® game and is conducted in accordance with the PowerBall® game rules and other Lottery rules applicable to the PowerBall® game except as may be amended herein. The promotion will begin at a time announced by the Party Lottery and will continue until discontinued by the Lottery. The promotion will offer to the owners of a qualifying play a chance to multiply the amount of any of the eight lump sum Set Prizes (the lump sum prizes normally paying three dollars (\$3.00) to two hundred thousand dollars (\$200,000)) won in a drawing held during the promotion. The Grand Prize jackpot is not a Set Prize and will not be multiplied. Match 5 Bonus Prizes are awarded independent of the Power Play® option and are not multiplied by the Power Play® Multiplier.
- B. A qualifying play is any single PowerBall® play for which the player pays an extra dollar for the Power Play® option play and which is recorded at the Party Lottery's central computer as a qualifying play.
- C. A qualifying play which wins one of the eight (8) lump sum Set Prizes will be multiplied by the number selected (two (2) through five (5)), in a separate random Power Play® drawing announced during the official PowerBall® drawing.
- D. MUSL will conduct a separate random Power Play® drawing and announce results during each of the regular PowerBall® drawings held during the promotion. During each PowerBall® drawing, a single number from a series of sixteen (16) numbers will be selected. The numbers available for selection are 2, 2, 2, 2, 3, 3, 3, 3, 4, 4, 4, 4, 5, 5, 5.
- E. The prize pool for all prize categories shall consist of up to forty-nine and three tenths percent (49.3%) of each drawing period's sales, including tax, after the PowerBall® Prize Reserve Accounts are funded to the amounts set by the Product Group. Any amount remaining in the prize pool at the end of this game shall be carried forward to a replacement game or expended in a manner as directed by the Product Group in accordance with state law.

- F. An additional one and one-half percent (1.5%) of sales, including tax, may be collected and placed in trust in one (1) or more prize reserve accounts until the Prize Reserve Accounts reach the amounts designated by the Product Group.
- G. Except as provided in these rules, all prizes awarded shall be paid as lump sum Set Prizes. Instead of the PowerBall® Set Prize amounts, qualifying Power Play® plays will pay the amounts shown below when matched with the Power Play® number drawn.

<u>Match</u>	<u>PowerBall®</u>		<u>Power Play® Amounts</u>		
	<u>Prize</u>	<u>5X</u>	<u>4X</u>	<u>3X</u>	<u>2X</u>
5 + 0	\$200,000	\$1,000,000	\$800,000	\$600,000	\$400,000
4 + 1	\$10,000	\$50,000	\$40,000	\$30,000	\$20,000
4 + 0	\$100	\$500	\$400	\$300	\$200
3 + 1	\$100	\$500	\$400	\$300	\$200
3 + 0	\$7	\$35	\$28	\$21	\$14
2 + 1	\$7	\$35	\$28	\$21	\$14
1 + 1	\$4	\$20	\$16	\$12	\$8
0 + 1	\$3	\$15	\$12	\$9	\$6

In certain rare instances, the PowerBall® Set Prize amount may be less than the amount shown. In such case, the Power Play® prizes will be a multiple of the new PowerBall® prize amount. For example, if the Match 5 PowerBall® Set Prize amount of two hundred thousand dollars (\$200,000.00) becomes twenty-five thousand fifty dollars (\$25,050.00) under the rules of the PowerBall® game, then a Power Play® player winning that prize amount where a “5” has been drawn would win one hundred twenty-five thousand two hundred fifty dollars (\$125,250.00) (\$25,050.00 x 5).

- H. The following table sets forth the probability of the various Power Play® numbers being drawn during a single PowerBall® drawing.

<u>Power Play®</u>		<u>Probability of</u>
<u>Number</u>		<u>Prize Increases</u>
5X	Prize Won Times 5	1 in 4
4X	Prize Won Times 4	1 in 4
3X	Prize Won Times 3	1 in 4
2X	Prize Won Times 2	1 in 4

Power Play® does not apply to the PowerBall® Grand Prize or to any Match 5 Bonus Prize.

- I. The prize pool percentage allocated to the Power Play® Set Prizes shall be carried forward to subsequent draws if all or a portion of it is not needed to pay the Set Prizes awarded in the current draw.
- J. If the total of the original PowerBall® Set Prizes and the multiplied Power Play® Set Prizes awarded in a drawing exceeds the percentage of the prize pools allocated to the Set Prizes, then the amount needed to fund the Set Prizes (including the multiplied Set Prizes) awarded shall be drawn from the following sources, in the following order – if the amount allocated to the Set Prizes and carried forward from previous draws, if any; an amount from the PowerBall® Set Prize Reserve Account, if available in the account, not to exceed twenty-five million dollars (\$25,000,000.00) per drawing. If, after these sources are depleted, there are not sufficient funds to pay the Set Prizes awarded (including multiplied prizes), then the highest Set Prize (including the multiplied prizes) shall become a pari-mutuel prize. If the amount of the highest Set Prize, when paid on a pari-mutuel basis, drops to or below the next highest Set Prize and there are still not sufficient funds to pay the remaining Set Prizes awarded, then the next highest Set Prize, including the multiplied prize, shall become a pari-mutuel prize. This procedure shall continue down through all Set Prize levels, if necessary, until all Set Prize levels become pari-mutuel prize levels. In that instance, the money available from the funding sources listed in this rule shall be divided among the winning plays in proportion to their respective prize percentages.
- K. All Power Play® prizes shall be paid in one lump sum through the Party Lottery that sold the winning ticket(s). A Party Lottery may begin paying Power Play® prizes after receiving authorization to pay from the MUSL central office.
- L. Prizes, which, under these rules, may become pari-mutuel prizes, may be rounded down so that prizes can be paid in multiples of whole dollars. Breakage resulting from rounding these prizes shall be carried forward to the prize pool for the next drawing.

<u>Number of Matches Per Play</u>	<u>Prize Payment</u>	<u>Prize Pool% Allocated to Prize</u>
5 + 1	Grand Prize	63.60%
5 + 0	\$250,000	12.80%
4 + 1	\$10,000	2.90%
4 + 0	\$150	1.96%
3 + 1	\$150	2.18%
2 + 1	\$10	2.38%
3 + 0	\$7	4.58%
1 + 1	\$3	4.26%
0 + 1	\$2	5.34%

- B. The Grand Prize amount shall be divided equally by the number of game boards winning the Grand Prize.
- C. Except for winning prizes sold by the California Lottery, the prize pool percentage allocated to the Set Prizes (the cash prizes of two hundred fifty thousand dollars (\$250,000.00) or less) shall be carried forward to subsequent draws if all or a portion of it is not needed to pay the Set Prizes awarded in the current draw.

**19.54 LIABILITY CAP**

- A. Should total prize liability for all Lotteries selling the Mega Millions® game (exclusive of jackpot prize carry forward) exceed three hundred percent (300%) of draw sales or fifty percent (50%) of draw sales plus fifty million dollars (\$50,000,000.00), whichever is less, (both hereinafter referred to as the “Liability Cap”), the second (2<sup>nd</sup>) through fifth (5<sup>th</sup>)

prizes shall be paid on a pari-mutuel basis, provided, however, that in no event shall the pari-mutuel prize be greater than the official advertised prize. The amount to be used for the allocation of such pari-mutuel prizes two (2) through five (5) shall be the Liability Cap less the amount paid for the jackpot prize and prize levels six (6) through nine (9). To fund their portion of the Liability Cap, the Party Lotteries may utilize the amount allocated to the Set Prizes and carried forward from previous draws, if any, and an amount from the reserve accounts. The California Lottery is excluded from this calculation for the low-tier prizes.

- B. In the event the Liability Cap is met, the amount to fund the Grand Jackpot Prize together with the amounts to fund prize levels six (6) through nine (9) shall be first paid from the Liability Cap amount. The balance of the Liability Cap, after deducting the Grand Jackpot Prize and payment for prize levels six (6) through nine (9) (hereinafter referred to as the "Liability Cap Balance"), shall be applied to prize levels two (2) through five (5) on a pari-mutuel basis in accordance with the following formula:
1. Prize level two (2) (normally two hundred fifty thousand dollars (\$250,000.00)) shall be an amount equal to sixty-four and fifty-three one hundredths percent (64.53%) of the Liability Cap Balance divided by the number of winners in prize level two (2);
  2. Prize level three (3) (normally ten thousand dollars (\$10,000.00)) shall be an amount equal to fourteen and sixty-three one hundredths percent (14.63%) of the Liability Cap Balance divided by the number of winners in prize level three (3); and
  3. Prize levels four (4) and five (5) (normally one hundred fifty dollars (\$150.00)) shall be an amount equal to twenty and eighty-four one hundredths percent (20.84%) of the Liability Cap Balance divided by the number of combined winners in prize levels four (4) and five (5).
- C. Except as may be required in these rules, the official advertised Grand Prize annuity amount is subject to change based on sales forecasts and/or actual sales. Additionally, this prize amount may be rounded up to the next highest affordable multiple of one million dollars (\$1,000,000.00) at the discretion of the Party Lotteries.
- D. Subject to the laws and rules governing each Party Lottery, the number of prize categories and the allocation of the prize fund among the prize categories may be changed at the discretion of the Mega Millions® Lotteries, for promotional purposes. Such change shall be announced by Mega Millions® Lotteries.

- B. The annuity Grand Prize will be paid in twenty-six (26) annual installments.
- C. If a Mega Millions® Lottery law or rule requires that the official advertised annuity prize amount shall be the basis for determining the amount to be awarded for the Mega Millions® Grand Prize; a play matching all five (5) of the first five (5) numbers drawn and the last one (1) Mega Millions® number drawn, then it shall be funded by the Selling Lottery(ies). However, if the sales support a jackpot that is at least twelve million dollars (\$12,000,000.00), as an annuity, lower than the advertised annuity prize amount, then the resulting annuity prize amount to be paid will be the highest fully-funded million plus twelve million dollars (\$12,000,000.00), as an annuity, or the advertised jackpot, whichever is lower. In no event, however, as may be required by a Mega Millions® Lottery law or rule, shall the jackpot paid be less than the official advertised annuity prize amount of the immediately prior

drawing. When there is only one winning Mega Millions® ticket for the annuity prize, no Grand Prize paid in twenty-six (26) annual installments shall be less than twelve million dollars (\$12,000,000.00).

- D. If in any Mega Millions® drawing there are no Mega Millions® plays which qualify for the Grand Prize category, the portion of the prize fund allocated to such Grand Prize category shall remain in the jackpot prize category and be added to the amount allocated for the Grand Prize category in the next consecutive Mega Millions® drawing.
- E. Unless there is a different Party Lottery rule, Grand Prizes shall be paid, at the election of the player made no later than sixty (60) days after the player becomes entitled to the prize, with either a per winner annuity or cash payment. If the payment election is not made by the player within sixty (60) days after becoming entitled to the prize, then the prize shall be paid as an annuity prize. The election to take the cash payment may be made within sixty (60) days after the player becomes entitled to the prize. An election made after the winner becomes entitled to the prize is final and cannot be revoked, withdrawn, or otherwise changed.
- F. In the event a prize winner selects the cash value option, the prize winner's share will be paid in a single payment upon completion of internal validation procedures. The cash option amount shall be determined by the Product Group.
- G. Annual payment option jackpot prizes shall be paid in twenty-six (26) annual installments upon completion of internal validation procedures. The subsequent twenty-five (25) payments shall be paid annually to coincide with the month of the Federal auction date at which the bonds were purchased to fund the annuity. All such payments shall be made within seven (7) days of the anniversary of the annual auction date.
- H. If individual shares of the cash held to fund an annuity is less than two hundred fifty thousand dollars (\$250,000.00), the Product Group, in its sole discretion, may elect to pay the winners their share of the cash held in the Grand Prize pool. All annuitized prizes shall be paid annually in twenty-six (26) payments with the initial payment being made in cash to be followed by twenty-five (25) payments funded by the annuity. Prize payments may be rounded down to the nearest one thousand dollars (\$1,000.00).
- I. Funds for the initial payment of an annuitized prize or the lump sum cash prize shall be made available by MUSL for payment by the Party Lottery on a schedule approved by the Product Group. If necessary, when the due date for the payment of a prize occurs before the receipt of funds in the prize pool trust sufficient to pay the prize, the transfer of funds for the payment of the full lump sum cash amount may be delayed pending receipt of funds from the Party Lotteries or other Lotteries

participating in the Mega Millions® game. A Party Lottery may elect to make the initial payment from its own funds after validation, with notice to MUSL.

- J. In the event of the death of a Lottery winner during the annuity payment period, the MUSL Finance & Audit Committee, in its sole discretion, excepting a discretionary review by the Product Group, upon the petition of the estate of the Lottery winner (the “Estate”) to the Lottery of the jurisdiction in which the deceased Lottery winner purchased the winning ticket, and subject to federal, state, district, or territorial applicable laws, may accelerate the payment of all of the remaining Lottery proceeds to the Estate. If such a determination is made, then securities and/or cash held to fund the deceased Lottery winner’s annuitized prize may be distributed to the Estate. The identification of the securities to fund the annuitized prize shall be at the sole discretion of the Finance & Audit Committee or the Product Group.

- B. The promotion will begin at a time announced by the Party Lottery and will continue until discontinued by the Lottery. The promotion will offer to the owners of a qualifying play a chance to multiply the amount of any of the eight lump sum Set Prizes (the lump sum prizes normally paying two dollars (\$2.00) to two hundred fifty thousand dollars (\$250,000.00)) won in a drawing held during the promotion. The Grand Prize is not a Set Prize and will not be multiplied.
- C. A qualifying play is any single Mega Millions® play for which the player pays an extra dollar for the Megaplier® option play and which is recorded at the Party Lottery's central computer as a qualifying play.
- D. A qualifying play which wins one (1) of the eight (8) lowest lump sum Set Prizes will be multiplied by the Megaplier® number selected, either two (2), three (3), or four (4) in a separate random Megaplier® drawing announced in a manner approved by the Product Group.
- E. MUSL will either itself conduct, or authorize a U.S. Lottery to conduct on its behalf, a separate random Megaplier® drawing. Before each Mega Millions® drawing, a single number – two (2), three (3), or four (4) – shall be drawn. The Mega Millions® Group may change one or more of these multiplier numbers for special promotions from time to time.

#### **19.67 PRIZE POOL**

- A. The prize pool for all prize categories offered by the Party Lotteries shall consist of up to fifty percent (50%) of each drawing period's sales, including any specific statutorily-mandated tax of a Party Lottery to be included in the price of a lottery ticket, after the Mega Millions® prize reserve accounts are funded to the amounts set by the Product Group. Any amount remaining in the prize pool at the end of this game shall be carried forward to a replacement game or expended in a manner as directed by the Product Group in accordance with jurisdiction law.
- B. Any amount not used to pay for multiplied prizes may be collected and placed in the rollover account or in trust in one or more prize reserve accounts until the prize reserve accounts reach the amounts designated by the Product Group.

- C. Except as provided in these rules, all prizes awarded shall be paid as lump sum Set Prizes. Instead of the Mega Millions® Set Prize amounts, qualifying Megaplier® plays will pay the amounts shown below when matched with the Megaplier® number drawn:

<b><u>Match</u></b>	<b><u>Prize</u></b>	<b><u>2X</u></b>	<b><u>3X</u></b>	<b><u>4X</u></b>
5 + 0	\$250,000	\$500,000	\$750,000	\$1,000,000
4 + 1	\$10,000	\$20,000	\$30,000	\$40,000
4 + 0	\$150	\$300	\$450	\$600
3 + 1	\$150	\$300	\$450	\$600
2 + 1	\$10	\$20	\$30	\$40
3 + 0	\$7	\$14	\$21	\$28
1 + 1	\$3	\$6	\$9	\$12
0 + 1	\$2	\$4	\$6	\$8

- D. In certain rare instances, the Mega Millions® Set Prize amount may be less than the amount shown. In such cases, the Megaplier® prizes will be a multiple of the changed Mega Millions® prize amount announced after the draw. For example, if the Match 5+0 Mega Millions® Set Prize amount of two hundred fifty thousand dollars (\$250,000.00) becomes one hundred fifty thousand dollars (\$150,000.00) under the rules of the Mega Millions® game, then a Megaplier® player winning that prize amount with a four times (4X) multiplier would win six hundred thousand dollars (\$600,000.00) – one hundred fifty thousand dollars (\$150,000.00) multiplied by four (4).

### **19.68 PROBABILITY OF WINNING**

- A. The following table sets for the probability of the various Megaplier® numbers being drawn during a single Mega Millions® drawing. The Group may elect to run limited promotions that may increase the multiplier numbers.

<b><u>Megaplier® Number</u></b>		<b><u>Probability of Prize Increases</u></b>
4X	Prize Won Times 4	12 in 21
3X	Prize Won Times 3	7 in 21
2X	Prize Won Times 2	2 in 21

### **19.69 LIMITATION ON PAYMENT OF MEGAPLIER® PRIZES**

- A. The prize pool percentage allocated to the Megaplier® Set Prizes shall be carried forward to subsequent draws if all or a portion of it is not needed to pay the Set Prizes awarded in the current draw or may be held in a prize reserve account.

- B. If the total of the original Mega Millions® Set Prizes and the multiplied Megaplier® Set Prizes awarded in a drawing exceeds the percentage of the prize pools allocated to the Set Prizes, the amount needed to fund the Set Prizes (including the multiplied Set Prizes) awarded shall be drawn from the following sources, in the following order: (1) the amount allocated to the Set Prizes and carried forward from previous draws, if any; (2) an amount from the Mega Millions® reserve accounts not to exceed the lesser of three hundred percent (300%) of draw sales or fifty percent (50%) of draw sales plus fifty million dollars (\$50,000,000.00). If, after these sources are depleted, there are not sufficient funds to pay the Set Prizes awarded (including the multiplied prizes), then the prize levels two (2) through five (5) shall become a pari-mutuel prize, as set out in these rules. The Mega Millions® and Megaplier® prize pools shall be combined in the rare instance when the Set Prizes, pursuant to the rules, are paid on a pari-mutuel basis, so that the multipliers, as provided for in the rules, will remain in effect for all prize levels.

#### **19.70 PRIZE PAYMENT**

- A. All Megaplier® prizes shall be paid in one (1) lump sum through the Party Lottery that sold the winning ticket(s). A Party Lottery may begin paying Megaplier® prizes after receiving authorization to pay from the MUSL central office.
- B. Prizes which, under these rules, may become pari-mutuel prizes, may be rounded down so that prizes can be paid in multiples of whole dollars. Breakage resulting from rounding these prizes shall be carried forward to the prize pool for the next drawing.

The results of the background investigation must meet the criteria set forth in Section 20.6 and must be satisfactory to the Division, in its sole discretion, prior to the issuance of its approval.
- C. As a condition of the issuance of an approval, the pari-mutuel licensee must agree in writing to abide by the Rules and Regulations of the Division as promulgated from time to time and to the following:

### **20.3 SELECTION OF CENTRAL COMMUNICATIONS SYSTEM**

- A. The Division hereby finds that competitive sealed bidding is not a practicable or advisable method of selection of a CCSP in that:
1. because the compensation of the CCSP has been set by statute, specifications cannot be prepared that permit the award on the

basis of either the lowest bid price or the lowest evaluated bid price; and

2. optional offers as to the type and scope of the services to be provided are in the best interest of the Division.
- B. The Division shall issue a request for proposals and qualifications (“RFP&Q”) for the CCSP to a list of known vendors identified by the Director. The RFP&Q shall:
1. include the evaluation factors upon which the award shall be made and their relative importance;
  2. give notice of the possibility that the award may be made on the basis of the initial response;
  3. give notice that responders must submit to a background investigation, the cost of which must be borne by the responder;
  4. indicate that responders may be required to demonstrate a Central Communications System at a mutually agreeable site; and
  5. contain such other information, as the Director deems appropriate.
- C. Responses to the RFP&Q timely received shall be evaluated by an Evaluation Committee of three (3) members appointed by the Director. The Evaluation Committee shall require each responder to furnish the information required in Section 20.4 (B) 4-6 inclusive. The Evaluation Committee shall make a written recommendation to the Director.
- D. Upon receipt of the recommendations of the Evaluation Committee, the Director shall select a CCSP. In such selection, priority may be given to applicants who have demonstrated an ability to perform in accordance with time constraints established by the Division.
- E. Any violation of law or of the Rules and Regulations of the Division by the CCSP shall be grounds for limitation, conditioning, restriction, suspension, or cancellation of the contract between the CCSP and the Division.
- F. The Director shall cause a background investigation to be conducted with respect to the selected CCSP, its officers, directors, stockholders (other than a holder of less than five percent (5%) of the responder’s issued and outstanding capital stock if such stock is publicly traded), partners, or other owners. The results of the background investigation must meet the criteria set forth in Section 20.6 and must be satisfactory to the Director in his/her sole discretion, prior to the award of a contract

to the CCSP. All costs of the background investigation shall be borne by the responder.

- G. The CCSP shall furnish such bonds and provide evidence of such insurance as the Director shall require from time to time in such amounts and issued by such companies, as the Director shall approve.
- H. All terminals must be connected to a Central Communications System capable of providing the Director with auditing and other information of such types and at such intervals as the Director shall deem necessary for the integrity and security of the video game system consistent with the high standards of the Division.
- I. The Central Communications System shall provide a dedicated communications link to the terminals in a continually polling mode and must be capable of validating all cash slips and authorizing payment thereof from a Central Communications System validation file.
- J. CCSP shall design the VLCC System to support up to five thousand (5,000) Video Lottery Terminals, and the CCSP shall install, implement, operate, and maintain, on behalf of the Division, the VLCC System. The Division may employ the services of an independent technical testing laboratory expert to test any part of the Central System at the CCSP's expense.
- K. In the course of performing the functions set forth in Section J above, CCSP shall provide the Division with the following services:
  - 1. CCSP shall define requirements for the central site, accomplish necessary central site improvements, and furnish the central site. Following installation of the VLCC system, CCSP shall operate and maintain the central site;
  - 2. CCSP shall provide a disaster recovery system approved by the Division;
  - 3. CCSP shall provide, or cause to be provided, maintenance services with respect to the Central Computer System hardware, the communications network equipment, the validation and management terminals and the software;
  - 4. CCSP shall provide, or cause to be provided, field service maintenance (i.e., in the field terminal and module swapping and preventative maintenance) with respect to all Video Lottery Terminals connected to the VLCC System, regardless of manufacturer. The total number of such terminals shall be up to five thousand (5,000).

- L. The Division, and not the CCSP, shall determine the quantities, distribution, and placement of Video Lottery Terminals between and within the licensed Video Lottery Retailer locations.
- M. The term of any agreement with the CCSP shall be for an initial period of five (5) years and shall include five (5) one (1) year renewal options. Notice of the Division's intent to extend for the optional year(s) will be provided at least thirty (30) days prior to the end of the initial period/contract.
- N. The Division may terminate any agreement by notice to the CCSP in the event of any of the following:
  - 1. CCSP voluntarily liquidates, enters into receivership, or files a petition under any chapter of the U.S. Bankruptcy Code;
  - 2. CCSP is the subject of an involuntary bankruptcy petition and fails to have such petition dismissed, vacated, voided, or otherwise removed within sixty (60) days after its filing;
  - 3. CCSP breaches a material provision of this agreement and fails to cure such breach within forty-five (45) days after receipt by CCSP of notice specifying such breach; or,
  - 4. Any material statement, representation or warranty intentionally made or furnished by CCSP proves to be materially false or misleading; the Division suffers a loss in relying on such material statement, representation, or warranty; and CCSP fails to remedy such loss within thirty (30) days after receipt from the Division of notice specifying the statement, representation or warranty that was materially false or misleading and the loss suffered as a result.
- O. The Division throughout the term of any agreement with CCSP or any extensions thereof shall have the CCSP maintain insurance coverage, in such amounts as in its discretion is necessary, in the following categories:
  - 1. General Liability Insurance
  - 2. Property Insurance
  - 3. Errors and Omissions Insurance
  - 4. Automobile Liability Insurance
  - 5. Crime Insurance

- P. All bonds and insurance coverage, required under these Rules and Regulations, shall be issued by companies qualified to do business in the State of Rhode Island.
- Q. The Division may enter into an agreement for the assessment of liquidated damages for non-performance or non-compliance with any contractual obligation entered into with the CCSP.
- R. No agreement with the Division may be assigned without the prior written consent of the Division.

#### **20.4 LICENSING OF TECHNOLOGY PROVIDERS**

- B. The Director shall issue a license application to all persons who have made a timely expression of interest to serve as a Technology Provider. The license application shall, among other things:
  - 1. set forth the selection criteria including, without limitation, experience in performing comparable projects, financial stability, technical and management abilities, likelihood of timely performance, maximum revenue generation, ability to pass a background investigation, and capability of interfacing with the selected Central Communications System;
  - 2. give notice that applicants must submit to a background investigation, the cost of which must be borne by the applicant;
  - 3. require the applicant to disclose its legal name, form of entity (e.g. general or limited partnership, corporation, etc.), the names, addresses, social security numbers, and dates of birth of its directors, officers, and stockholders (other than a holder of less than five percent (5%) of the applicant's issued and outstanding capital stock if such stock is publicly traded), partners, other owners, and principal supervisory employees;

  7. require the applicant to list all persons with whom the applicant has a communications protocol agreement.
- C. Applications timely received shall be evaluated by the Evaluation Committee, which shall make written recommendations to the Director. The Evaluation Committee shall give priority to applicants who have demonstrated an ability to interface with the selected Central Communications System.
- D. The Director shall cause a background investigation to be conducted with respect to each application for a license, its officers, directors, stockholders (other than a holder of less than five percent (5%) of the applicant's issued and outstanding capital stock if such stock is publicly traded), partners, other owners, and principal supervisory employees. The results of the background investigation must meet the criteria set forth in Section 20.6 and must be satisfactory to the Director in his/her sole discretion prior to the granting of a license. All costs of the background investigation shall be borne by the responder.

In making a licensing decision, priority shall be given to those applicants who demonstrate an immediate ability to interface with the selected Central Communications System and to meet the time requirements set by the Division. The Division may limit the number of licensees at any time and from time to time upon finding that it is in the best interest of the Division to do so.
- F. Any violation of law or of the Rules and Regulations of the Division by a licensed Technology Provider shall be the grounds for limitation, continuing, restriction, suspension, or revocation of its license.
